

Technical notes for DNP QW410 printer driver v1.0.1.2

April 21, 2023

Dai Nippon Printing Co., Ltd.

For Windows 7 users, you might see this warning message when installing the new printer driver version v1.0.1.2.

If this message is not preferred, you can continue using the previous version v1.0.1.1. V1.0.1.2 is released for Windows 11 support. There is no additional feature for Windows 7. Please check the availability at your local DNP official website.
